California Water Environment Association

CWEA, San Francisco Bay Section

Monthly Dinner Meeting

December 7, 2017

Dinner Meeting Topic: Trends in Disinfection and Water Reuse

Kati will talk about trends in water reuse throughout the country and here in California. She will cover innovations such as data analytics, energy recovery, and creative ideas that utilities are using to make the most of a potentially valuable resource.

Dinner Meeting Speaker: Dr. Kati Bell

Dr. Kati Bell is Stantec's Disinfection and Water Reuse Global Practice Leader with over 20 years of experience in research, selection, design and optimization of treatment processes, and she has led wastewater and reuse projects summing to over 2 BGD of treatment capacity. Much of her research is focused on implementing new technologies and improving conventional processes to meet increasingly stringent regulatory limits on disinfection. She serves as the past-president of the International UV Association and recently, Dr. Bell led the development of the WEF/IUVA publication on UV Disinfection for Wastewater. Kati is the Principal Investigator on the ongoing development of the WERF LFT14T16 focused on Peracetic Acid Application disinfection of wastewater; and, she is currently leading the development of a WEF publication on PAA Disinfection for Wastewater.
