

The **Student Design Competition** promotes real world design experience for students interested in pursuing an education and/or career in water/wastewater engineering and sciences. It tasks individuals or teams of students within a WEF student chapter to prepare a design to help solve a local water quality issue. Teams evaluate alternatives, perform calculations, and recommend the most practical solution based on experience, economics, and feasibility.

**CA Competition, May 4
East Bay MUD, Oakland**

**WEFTEC, Sept. 21-25
Chicago, IL**

CWEA will be sending a team of college students to WEFTEC 2019 in Chicago, September 21-25 with all travel expenses paid!

Teams shall submit an abstract (brief summary of the design), not to exceed 200 words. Include:

- The project name
- University name (team name)
- Advisor's name

Entrant's names shall also be included with submission but will not count towards the 200 word limit.

Guidelines for the competition can be found online at:

<https://www.wef.org/membership/students-and-young-professionals2/student-design/>

Submit Abstracts by Feb. 28

Email abstracts to **Megan Barillo** mbarillo@cwea.org

Questions, contact **Megan Barillo or Ian Mackenzie** imackenzie@hazenandsawyer.com
