

# CWEA San Francisco Bay Section – April 15th, 2021

**CWEA**

SAN FRANCISCO BAY SECTION  
California Water Environment Association

## Lunchtime SIP Presentation

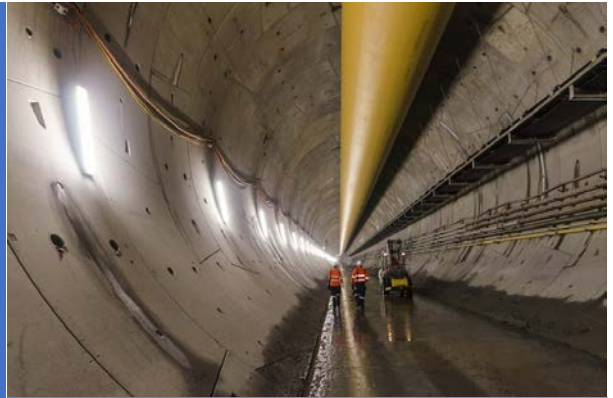

### TOPIC:

#### Progressive Design-Build to the RESCU

Silicon Valley Clean Water's Regional Environmental Sewer Conveyance Upgrade Program (RESCU) consists of eleven 'essential infrastructure' projects to replace and rehabilitate SVCW's conveyance system. It includes the Gravity Pipeline (GP Project), Front of Plant (FoP), Pump Station Improvements and Belmont Force Main (PSIP) projects. For delivery of these RESCU program projects, SVCW opted for use of Progressive Design-Build (PDB) – a construction industry method for large and complex capital projects that has gained significant traction over the past few years.

Tanner Pacific, Inc., Collaborative Strategies Consulting, and DNS Strategic Partners, LLC have provided project and construction management services for the GP Project tunnel, PSIP project(s), and FoP project, respectively. They will share their project experiences, innovations, and technical insight as they continue work on these major utility improvements.

### SPEAKERS:

**Michael Jaeger, P.E., QSD/QSP – Tanner Pacific, Inc.**

**Robert M. Donaldson, CEO/Founder – Collaborative Strategies Consulting, Inc.**

**E. J. Shalaby, MPA, CSDM – DNS Strategic Partners, LLC**

### VENUE

#### ZOOM WEBINAR PLATFORM

The meeting invites with webinar information will be sent to registrants. See registration information to the right.

#### Program:

**12:00 – 12:05 pm** – SFBS Board Updates

**12:05 – 12:45 pm** – Presentation

**12:45 – 12:55 pm** – Q&A

**12:55 – 1:00 pm** – Door Prize Drawing – must be registered and virtually present to win!

#### COST:

**FREE!**

**RSVP:** Register online [HERE](#).

Please enter your email address. An invitation to the virtual meeting will be sent to all registrants via email.

**Please note:** Contact hours (CEUs) are not available for this free webinar event.

Please email any questions or concerns to [cweasfbs@gmail.com](mailto:cweasfbs@gmail.com).
